FRONT ELEVATION

A-5

Ideal for teaching:
- Architectural Design
- Building & Construction Trades
- Interior Design
- Landscape Design
- Terrain Modeling
- 3D Modeling
- Working Drawings
- Rendering
- Animation
- Estimating

Optimal for Student Success!
- User friendly interface makes learning fun and creative
- Powerful Wizards for House Kitchen, Shed and Deck and "Intelligent" Walls, Windows, Doors and Openings
- Visual feedback with photo realistic 3D models, 3D views and animated walkthroughs
- 3D presentations using 3D RealView™ technology
- Integrated tools for entire home design: exterior, interior, decking, shed design & landscaping

Envisioneer is an **affordable** solution to help you **attract students** and engage their interest in a fun, creative way.

Give your students the power to create professional, photo-realistic 3D models, quickly and easily.

A friendly, user interface, powerful wizards, and intuitive tools help students achieve success and promote their desire to advance their learning.

3D Stereo viewing.
Slip on a pair of 3D glasses and students feel like they're actually at the site with every detail popping out. Envisioneer is the first 3D design product to offer real-time navigation in 3D stereo mode.

Exclusive Stereo Vision Capability!
