## Enhanced Service Plan

When you depend on quality 3D printing, it's important to know you can rely on your 3D printers. That's why Ultimaker is launching a new Enhanced Service Plan for customers in North America, to keep your 3D printers in perfect working order and help you succeed.

The Ultimaker Enhanced Service Plan **extends and enhances the standard warranty coverage** on Ultimaker hardware so you can avoid unbudgeted repair costs and still get the best possible local service from our trained and certified technicians.

This peace of mind frees you to do what really matters: 3D Print!

### Reduce downtime, stay productive

Available with the Ultimaker 2+ and Ultimaker 3 (including Extended models), you get an **extra 12 months of warranty** for your 3D printer with all repairs and shipping covered, plus an Ultimaker Maintenance Kit containing tools and spare parts for routine care.

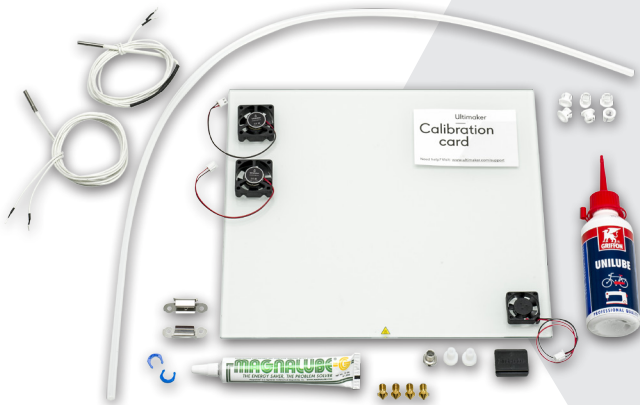

Ultimaker 2+ Maintenance Kit Included!

## Ultimaker 3 Extended+ Service Plan

### Ultimaker 3 Enhanced Service Plan

- 24-month plan
- Parts, labor and shipping costs covered for warrantied issues
- Ultimaker 3 Maintenance Kit
- \$895

Ultimaker 3 Maintenance Kit Included!

## Ultimaker 2+

## and 2 Extended+ Service Plan

### Ultimaker 2+ Enhanced Service Plan

- 24-month plan
- Parts, labor and shipping costs covered for warrantied issues
- Ultimaker 2+ Maintenance Kit
- \$795

As well as extended coverage for a full two years, the Enhanced Service Plan plan also covers shipping costs which a standard warranty does not. Our trained and certified network of local partners is there to support you in your time zone and repair your 3D printer to official guidelines using 100% original Ultimaker parts.

### How to order

Existing owners can buy an Enhanced Service Plan from **Technology Education Concepts** for any Ultimaker 2+ or Ultimaker 3 purchased in the last six months (since March 21, 2017) from an official Ultimaker reseller. To take advantage of this offer, existing owners must purchase the Enhanced Service Plan by January 1, 2018.
