# Lookbook 2019

The logo for CEF (California Education Foundation) consists of the lowercase letters "cef" in a bold, red, sans-serif font. The letters are positioned to the right of a vertical line that intersects a horizontal line. A small square is located at the intersection of these two lines.

# KIDS

Our Customers. Our Inspiration.

# General Information & Terms of Use

## Become A Dealer:

CEF does not sell direct to schools, so we are always looking to partner with dealers who value a genuine relationship and want to add our innovative products to their offerings. To become a dealer, please call us at 1-800-255-9189.

## Pricing & Terms:

CEF makes every effort to give our dealers advanced notice on any price changes. However, prices could be subject to change without notice. Freight is calculated upon request for quote and honored for 30 days from the date the quote is created.

Our credit terms for invoice amounts are NET 30. Invoices are generated on the same day that product is shipped out. New customers who have not submitted proper credit references will be required to pay before product is shipped. CEF accepts Visa, Mastercard and American Express with an added 3.5% processing fee.

## Purchase Orders:

Please send purchase orders to [cef@cefinc.com](mailto:cef@cefinc.com). Please include quantity, part number, description, color selections for all product, dealer or consignees ship to address, name and phone number.

## Freight:

All pricing reflects FOB Taylorsville, NC-28681. Although we take every precaution to avoid shipping damages, unfortunately damages still take place. It is important that our freight damage guidelines are followed in order to have the best possible outcome. Failure to follow these guidelines could result in additional cost to our dealers or end users. Packages **MUST** be inspected carefully & thoroughly by the consignee. If there is any damage or question of damage, the consignee must ask the delivery driver to remove the packaging and inspect the product before leaving and do not refuse the shipment. The consignee should take a picture(s) and request the delivering carrier to record on the delivery receipt any damages to product or packaging at the time of delivery. Additionally, any shortages should be noted on the delivery receipt. If further damage is found after delivery (concealed damage), the delivering carrier must be notified within 5 business days of the concealed damage and there should be an immediate inspection performed by the delivering carrier. Cartons must be held by the consignee for carrier inspection, which expires after 15 days. CEF will assist to obtain claim settlement, but the consignee must take the necessary steps to obtain the proof of loss and damages. NOTE: If visible damage or shortage are present, carriers are not responsible after the delivery receipt is signed without a damage or shortage notification, therefore CEF is unable to assist in obtaining a claim settlement! If a customer selects and secures a freight carrier, the customer is directly responsible for any freight damage claims.

## Returns:

Returns must be requested and authorized within 7 business days and are subject to a 25% restocking fee plus return carrier fees. Item(s) must be undamaged and in their original state. Custom products are not eligible for return under any circumstance.

## Lead Times:

CEF strives to exceed customer expectations where lead times are concerned. All of our products are made to order and hand assembled by our production team.

Off peak season (October-April) 4-6 weeks or less

Peak season (May-September) 8-10 weeks or less

A shipping date will be assigned within 2 business days upon receipt of order. Every effort will be put forth to meet the assigned shipping date. However, there are occasional unforeseen events that can delay shipments. CEF will notify you immediately of any changes, however, CEF will not pay for split shipments.

## Warranty:

At the discretion of CEF, we will replace or repair product which proves to be defective in original workmanship or manufacturing that may become evident within the first 12 years from the date of purchase. In order for CEF to honor this warranty, all products must be housed in an environment of controlled temperature and humidity, and the proper guidelines must be followed for care and cleaning.

### *Exceptions:*

Classroom Chairs Provided by Spaceforme -Up to 21 years

Charging Carts (all components except electrical) -10 years

Casters (Charging Carts, STEM Carts, Tables)-5 years

Metal Stools-5 years

Treated Butcher Block Tops-5 years

Electrical components on all furniture & charging carts-3 years limited lifetime\*

*\* Limited lifetime; provided by the surge protector manufacturer.*

*Surge protectors are designed to sacrifice themselves in order to save equipment connected to them in the event of a power surge. Consequently, a surge protector that has experienced a surge and no longer conducts A/C power has performed its duty protecting connected equipment.*

Dry Erase/Markerboard Surface Laminate-1 year

Articulating, Fixed or Clamp on Mounted Monitor Arms-1 year

Locks-1 year

Pneumatic Sit to Stand Height Adjustable Base-1 year

Glass Table Tops-1 year

Untreated (Raw, Natural State) Butcher Block Tops-1 year

### *Exclusions:*

# We Love What We Do.

---

Simply put, we love making furniture for kids. We believe there has never been a more exciting time in the history of designing and manufacturing furniture for schools. Our society and culture are changing rapidly and the manner in which our children are learning and engaging in classrooms is following suit. CEF has been designing school furniture for over 30 years. We began with TV & AV carts and transitioned to multi-media and charging carts as technology entered the classroom. Charging carts remain a segment of our business, but we are excited about the launch of a brand new line of furniture specific to maker, tinker, wonder and STEM labs! Our transition from a technology based to a classroom furniture based company represents yet another evolution in our history to remain innovative and forward thinking in creating engaging classroom environments. Our furniture is appropriate for all designated areas of discovery and creation, as well as the traditional classroom setting. CEF challenges you to imagine how furniture can invite students to become more engaged and more inspired to embrace learning. It's time to introduce modern, mobile, and collaborative furniture that defines the space once defined by walls.

## The Original Ed Table

### The Spirit of Innovation

With breakthrough solutions packed into every inch, the award winning Ed Table truly embodies the inventor's spirit—providing the most complete maker experience available. Maximizing creative time while minimizing the amount of logistical preparation work and clean-up was the driving factor behind the design concept. For schools and teachers interested in project-based learning, the Ed Table is a natural extension and fundamental element for engaging learners.

### Two Heights:

### Five Finish Choices:

### Metal Stool Color Options: 24" or 30"

*All Inclusive!*

New for 2019!

The Ed<sup>8</sup>  
create something new

The number eight signifies a new creation and CEF believes in the creation of new & innovative products! We're excited to announce a new member to the award winning Ed Table line, the Ed8. The Ed8 is a modified version of our original Ed Table which allows for two additional seats on the ends of the table. The Ed8 has a reduced size base from the original Ed Table, thus eliminating the trash component. However, a larger mid storage space, upgraded electrical and two extra seats were created. Just as our original Ed Table, The Ed8 is offered as an all inclusive solution which provides eight metal stools with color of your choice, 6-8 storage bins with lids, electrical and a collaborative work-space like no other.

Pass through storage with height adjustable shelves!

\*Comes with 8 stools!

*See Pg.7 for finish & stool color offerings*

Options/Upgrades for Both:

ChemTop, Coated Top, Backpack Hooks, Remove Electrical

# The IDEA Island

## Invent. Dream. Excite. Aspire

The IDEA Island has joined the family of our award winning Ed Table line. The creation of the IDEA Island was inspired by the many makers in school systems, public libraries and museums across the nation that are dedicated to inspiring creativity and discovery in children and adults. By these educators pushing the limits of what can be accomplished in the classroom, we were challenged to create a piece that would help drive their efforts. The marriage of industrial design with warm wood, strength, and innovation, immediately inspires when you step up to our IDEA Island. It can be ordered basic as table only, or can be dressed up with technology and seating for up to 8 people.

## Our Most Popular Table

*New for 2019!*

# The HATT

## The Height Adjustable Tilt Table

The all NEW "HATT"-Height Adjustable Tilt Table is a proprietary design by CEF and is a game changer in the classroom, boardroom, locker room, makerspace, office and more! The versatility and smooth transition from sitting to standing, to tilting, engages all audiences at every level. The HATT embodies all of the necessities for true instruction and team building, while quietly boasting clean lines, calming colors and silent motion.

### Dry Erase Finishes:

Additional top sizes can be accommodated, ask a CEF representative for details.

3" Casters

# Glass

## Beautiful, Writable Surface Tables

Our sleek 1/4" tempered safety glass markerboards, paired with our ever popular pneumatic sit to stand base, are offered in six new tranquil colors that are simply beautiful. Tempered glass offers a non-porous surface that is writable, easy to clean, and will not ghost. Tempered glass can even withstand permanent marker which can be removed with a mild cleanser. We have added a vinyl back as an additional layer of protection. As a result, if broken, our markerboards will spider rather than shatter and will not spill out. Clean lines, functionality, safety and class-it's all there.

# Butcher Block

## Design. Build. Believe.

Our butcher block table for makerspace environments allows students to design and build creative projects and empowers students to work together. By offering a hardy work surface, adjustable height legs for sitting or standing, optional power unit and monitor arm, the sky is the limit. Foster a creative environment and see where your students will go!

### Standard Features

36 x 72

1" Solid Maple

Standard Height Adjustable Legs

### Upgrade Options

Electrical (2 AC/2 USB)

Monitor Arm

Mounted Storage Bins

Pneumatic Sit to Stand Base

3" Casters

Upgrade to our pneumatic  
sit to stand base with casters!

# Welcome Color!

CEF has partnered with our friends from the U.K. at Spaceforme chairs to create a palette of colors that will brighten any classroom! We have custom colored our edge banding for collaboration & nesting tables to match Spaceformes' line of EN Classic & EN ONE chairs, and we're pretty excited about it. CEF is dedicated to bringing products to the classroom that heighten engagement and create an atmosphere for learning. It's a simple desire of our company, but in the words of Walt Whitman, "simplicity is the glory of expression". With our new colors, the design capabilities are endless and fun...just as learning should be!

Available Colors:

Carolina Blue, Purple, Yellow  
 Lime Green, Mandarin Orange,  
 Royal Blue, Red and Black.  
 Dove Grey available in edging  
 only-no chair match

See Pg. 19 for available tables

See Pg. 25 for available chairs

## Nesting Tables

The CEF dry erase nesting and collaboration tables with adjustable height legs are genius just like your students! Allowing students the freedom to write, draw or solve problems on a dry erase surface cultivates creativity and encourages students to become more confident in their work. For teachers, the fun and easy part of the modular nesting tables is to create shapes or groups in your classroom that fit your teaching style. So have fun, and teach well!

The ELD Series is our most popular computer table. With a wide range of sizes and hard working features like a top flipper access to large full length cable tray and surge protector this series provides exceptional durability, and unsurpassed value.

## The Multi-Maker Charging Cart

Versatile. Recyclable. Re-purpose.

Perfect for smaller Chromebooks & iPads, The Multi-Maker Cart with charging is the newest creation in our charging cart line! We took our standard Multi-Maker Cart used in Makerspace & STEM environments and created removable charging boxes in 10, 15, & 18 adjustable slot increments. This allows districts to customize the cart specific to their needs and then re-purpose its use after device deployment expiration by simply removing the charging boxes.

Overall Dimensions  
39H x 29W x 21D

# Multi-Media Carts

## The LE Lectern

Great for any instructional setting! The LE lectern has many versatile set-ups for your classroom. The top offers enough space for a laptop or monitor and has a rectangular grommet hole with cable holder insert. It also has a pull-out shelf at the top for a keyboard or for storage, and an adjustable shelf on the inside. The LE25 is on 3" locking swivel casters and has front and rear locking doors for security and ease of access to cables. An optional side folding shelf can be added upon request.

## The SPC Media Cart

Great for any instructional setting with advanced A/V setup to accommodate a laptop or monitor with keyboard and mouse. Inside can store a CPU, video/audio components, remotes, instructional materials and more! The SPC-1 also offers optional storage for an LCD projector when on-site mounting is not available.

## The PSC Media Cart

The PSC series gives technology coordinators and instructors the flexibility to deploy a compact, custom cart packed with features that meet their specific needs. Customizable features include projector or regular pullout in various heights, side folding and internal shelves. In addition to these great features, the PSC fits in small spaces and has locking storage & built-in power.

All customizable with side folding shelves, pull out shelves, internal adjustable shelves, equipment rack rails and electrical.
