

Imagination Island

A SAFE HARBOR WHILE YOU WORK

Introducing the Imagination Island.

The little cousin of the IDEA Island, but with a twist. CEF has partnered with Armorcore, a bullet resistant panel manufacturer, to offer optional modesty panels that will aid in protecting against an active shooter. These modesty panels are offered in all of our laminate choices and are undetectable as bullet resistant material. CEF is committed to helping people work, learn, and meet safely. In fact, so committed that we are offering this option AT COST.

Happy Dots
